FLAMES OF WAR

THE WORLD WAR II MINIATURES GAME

CATALOGUE

Collecting a *Flames Of War* army may seem daunting before you begin, but you will quickly discover how much fun it is. In fact, many find that they cannot stop at just one army or force, and usually end up with two, three or more forces at various stages of completion. Some people require patience and motivation to see an army through to the end. And many painters find themselves easily distracted by new miniatures for completely different forces all the time. But that is half the fun!

Flames Of War miniatures are 15mm, or 1:100 scale unless otherwise noted.

DIRECT ONLY & LIMITED AVAILABILITY PRODUCTS

While we would like to provide every product as a general release, sometimes it isn't practical to do so.

To satisfy gamers that do want to model everything, including Pacific beach assaults, for example, we have made these models available as a Direct Only range available to order from our website: www.FlamesOfWar.com

The *Flames Of War* range is constantly evolving. Some products get updated and replaced, while others are limited to a single production run.

Limited availability products will only be available while stocks last, so make sure you get yours while stock is available.

THE PACIFIC WAR

In 1942 and 1943 the war in the Pacific and in Asia covered vast distances as Japanese ambitions sought to bring much of these lands under their control. In the British colonies of Malaya and Burma, the Japanese swept British and Indian forces towards the Indian frontier in what seemed like an unstoppable tide.

In the Western Pacific Ocean, the Japanese seized US possessions and dependencies, quickly overwhelming garrisons, even taking the Philippines from local and US troops. They even reached the doorstep of Australia, taking control of the Dutch East Indies and landing in Papua New Guinea and prompting the Australians to bring their forces back from the Mediterranean theatre and hastily dispatch home defence troops to Papua New Guinea.

However, as the Allies recovered from these initial setbacks they began the long and hard fought battle to turn back the Japanese tide. The British and Indians launch a number of offensives to recover Burma, while the Americans and Australians fight together to secure Papua New Guinea, while the Americans begin the fight for the Solomon Islands at Guadalcanal.
