

DYNAMIC POINTS FOR LATE-WAR 2026

With the wider community embracing Dynamic Points for *Flames Of War* Mid-war and *World War III: Team Yankee* over the last few years we thought it was time to have a look at Dynamic Points for *Flames Of War* Late-war. Through community feedback and our own observations, we have noticed that generally the current points are working well, but there have been a few areas of interest that we thought were worth another look.

We've had plenty of great and insightful feedback over the time that Late-war *Flames Of War* has been in play. Each new book adding excitement and increased gaming in the community. With each of these books comes new and different gaming challenges, where we see the ebb and flow of

different Units and Formations being used in creative and innovative ways, as well as what is being used less or more as more books and Forces have been added to the selection. The feedback from these changes in the gaming scene, both direct and anecdotal, have given us an opportunity to look at some areas for Dynamic Points. The main goal is of course is to keep your games fun and engaging.

Thanks to everybody for your feedback left through the google form. From the questions and your written feedback we have made some further adjustments.

In the meantime, we will keep a close eye on what's happening in the community with these new points.

CHANGED FORMATIONS AND UNITS
